Year 10 Trial School Certificate Timetable 2010: Term 3, Week 9: Rooms S10 & S11

Directions to students

- Students need to be in attendance at the College during normal school hours.
- When students are not sitting for an examination they will be required to attend supervised **private** study periods.
- Study periods are for individual work and students should come to the study period fully prepared.
- Students are expected to be ready for the examination 10 minutes prior to the commencement time of the examination.
- No talking is permitted inside the examination room (unless directed to do so by the supervisor).
- No books, papers, etc may be taken into the examination room.
- **Mobile phones** are not permitted under any circumstances. If students do not wish to leave their phones in their bag then they are to be given to the supervising teacher at the **start** of the examination. Severe penalties will occur for those students who are found to have phones once the examination has started.
- Students are not allowed to borrow equipment once inside the examination room.
- Students are not permitted to leave the examination room until the scheduled time for the completion of the examination.
