

- Provide security for children travelling to and from school and on excursions
- Provide durable clothing that is cost effective and practical for our College community
- Provide students the opportunity to individually choose to accept the authority of the College and be part of the College student community.

Full school uniform must be worn every day unless a notice is posted on C-Hub advising otherwise. Full school uniform is required on all excursions unless the excursion note specifically states other apparel. If a student is not able to be in full school uniform for some reason, then their parent or guardian is required to contact the College to explain:

- The reason the student is not in full school uniform, and
- When we can expect the student to be back in full uniform.

Student uniform will be checked daily and disciplinary steps followed if the student is repetitively out of uniform. A list of the full uniform requirements is found on the College website (Policies) or via C-Hub and available at the uniform provider.

See Uniform Policy for full content.
